MEDICAL DEPARTMENT.

No. Med./B.-14/17332 of 1940.

Office of the Director of Health
Services and Inspector-General of Prisons, Sind,
Karachi, 27th August 1941.

From

The Director of Health Services and Inspector-General of Prisons, Sind.

To

THE CHIEF SECRETARY
TO GOVERNMENT OF SIND,
General Department, Sind Secretariat,
Karachi.

Subject.—Annual Report on the Civil Hospitals and Dispensaries in the Province of Sind for the year 1940.

Sir,

I have the honour to submit for the information of Government, the annual report on the Hospitals and Dispensaries in the Province of Sind for the year 1940.

ADMINISTRATION.

2. During the year under report Lieut.-Colonel N. Briggs, M. R. C. S., D. P. H. (Eng.), I. M. S., held charge of the Medical Department.

PERSONNEL.

3. Lieut. Colonel B. F. Eminson, M.B.B.S. (Lond.), D.O.M.S. (Eng.), I.M.S., and Major J. E. Gray, M.B., B.Ch.(Belf.), I. M. S., held charge of the Civil Surgeoncies of Karachi and Hyderabad respectively.

The posts of two Indian Medical Service Officers, *viz.*, the Civil Surgeon, Karachi, and the Civil Surgeon, Hyderabad, continued to be borne on the joint cadre with the Province of Bombay.

During the year the services of an additional Indian Medical Service Officer, Major A. K. M. Khan, M. B., B. S. (Bom.), F. R. C. S. (Irel.), M. R.C.S., D. M. R. E., (Eng.), D. L. O. (Eng.), I. M.S., were placed at the disposal of the Sind Government by the Military Department and he was given charge of the Civil Surgeoncy, Sukkur, with effect from 25th April 1940.

PROVINCIAL MEDICAL SERVICE.

4. The cadre of this service at the end of the year stood as under :—

Provincial Medical Services Class I (Division I) ...	2.
Provincial Medical Service Class II. ...	13.

A temporary addition to the Provincial Medical Service Class II was made for the duration of the war to carry on the work of the A.R.P. Casualty Services established in Karachi for the treatment of casualties in case of air raids. Dr. B. W. Advani, L. R. C. P. & S., L. R. F. P. & S., and L. M. (Dub.), J. P., was appointed to this post.

SIND SUBORDINATE MEDICAL SERVICE.

5. At the end of the year under report the strength of the service stood as under :—

Permanent	107.
Leave Reserve	20.
Temporary	5.

Buildings.

6. During the year the following major and minor works were undertaken :—

(*a*) Construction of the Lady Graham Hospital, Dadu.

(*b*) Minor Works, *i.e.*, additions and alterations to hospital buildings to the extent of Rs. 32,237 were carried out.

The most important of which were :—

	Rs.
(1) Additions and alterations in the Septic Ward at the Civil Hospital, Karachi. ...	2,182
(2) Sand bag protection at the Civil Hospital, Karachi. ...	992
(3) Guard Room at the Civil Hospital, Larkana. ...	1,078
(4) Cook house at the Civil Hospital, Mirpurkhas. ...	1,717
(5) Extension of X-Ray Room at the Civil Hospital, Hyderabad. ...	960
(6) Cement concreting and raising the level of paths in the Civil Hospital, Hyderabad. ...	1,076
(7) 4 seated latrine for females for the Civil Hospital, Jacobabad. ...	700
(8) Electric Installation for the Civil Hospital, Hyderabad. ...	1,032
(9) Cells for mental cases for Civil Hospital, Jacobabad. ...	562

The accommodation at the Civil Hospital, Larkana, is very limited and in consultation with the Director, the Superintending Engineer, Western Sind Circle, Karachi, has drawn up a plan for extensions of the hospital. The construction work may be spread over for a period of five years. Estimates for the first year's improvements are under preparation.

The question of providing a new separate Out-Patients' Department at Sukkur is also under consideration and the Public Works Department have been approached in the matter.

STATEMENT A.

7. The total number of institutions open at the beginning of the year under report was 219. During the year six dispensaries were opened and three closed. The number of institutions open on 31st December 1940 was 222.

STATEMENT B.

8. The following table shows the distribution of Medical Officers (including Honorary Medical Officers), Nurses, Midwives, 'Dias' and compounders in the several classes of institutions during the year 1940 :—

Class of Hospitals and Dispensaries.	Medical Officers.	Nurses	Midwives.	Dais	Compounders.
I. State-Public ...	75	54	...	4	24
II. State-Special ...	10	...	...	...	6
III. Local and Municipal Fund.	32	25	8	46	141
IV. Private aided ...	19	31	48	31	10
V. Private non-aided.	13	10	8	19	13
VI. Railways ...	20	4	...	1	15
Total ...	269	124	64	101	209

STATEMENT C.

9. The following table shows the number of patients treated, their daily average number, death rate and the number of beds available, etc., during the year 1940, as compared with the year 1939, and the mortality among in-patients :—

Description.	1939.	1940.
Number of in-patients treated ...	45,950	55,403
Number of out-patients treated ...	14,29,257	17,22,629
Total number of patients treated ...	14,75,207	17,78,032
Number of beds available ...	1,862	1,986
Daily average attendance of { In-door ...	1,512·98	1,691·89
Daily average attendance of { Out-door ...	13,845·67	15,925·14
Total number of patients treated at Female Hospitals.	1,26,628	1,52,760
Number of cures* ...	31,438	37,657
Number of deaths* ...	1,356	1,562
Ratio of deaths' percentage to the total treated.	2·9	2·8

* Among in-door patients only.

STATEMENT D.

10. The sub-joined statement shows the principal diseases among the patients treated in the State Public, Local and Municipal Fund, and private aided institutions during the year 1940, as compared with the year 1939, and the mortality among in-patients :—

Name of disease.	1939.		1940.	
	Cases.	Deaths.	Cases.	Deaths.
Cholera	3	...	198	41
Dysentery	25,100	11	34,497	22
Influenza	15,444	4	21,366	5
Leprosy	275	11	328	5
Malaria	3,21,735	17	3,69,251	23
Plague	...	...	...	...
Pneumonia	12,013	182	20,703	183
Small Pox	215	9	252	11
Tuberculosis of the lung	6,971	58	8,481	64
Other forms of Tuberculosis ...	3,133	11	3,820	11
Injuries—Local and general ...	83,129	225	1,03,876	263
Labour cases (normal and abnormal) ...	9,143	46	12,253	54

STATEMENT E.

11. The total number of surgical operations during the year was 64,850 with mortality of .37 per cent. against, 67,539 in 1939, with mortality of .32 per cent.

STATEMENT F.

Particulars.	Receipts. 1939.	Receipts. 1940.
	Rs.	Rs.
Cash Balance on 1st January ...	4,10,320	4,30,525
Contributions from Local Bodies ...	5,35 937	5,51,286
Contributions from Government ...	5,61,847	5,97,902
Miscellaneous receipts including hospital fees, charitable contributions, etc.	2,90,729	2,68,644
Total ...	17,98,833	18,48,357

Particulars.	Expenditure. 1939.	Expenditure. 1940.
	Rs.	Rs.
Gross expenditure	13,65,267	13,99,028
Deduct amount credited to treasury in case of Government Hospitals or credited to Dispensary Fund in case of dispensaries on account of hospital fees, sale of unserviceable articles, etc., and also amounts invested during the year.	—2,22,277	—2,31,083
Net cost ...	11,42,990	11,67,945
Average cost per diet ...	0 3 9	0 4 4

STATEMENT G.

13. The year opened with invested capital of Rs. 5,45,470 and Rs. 13,677 were invested. The total invested capital at the end of the year 1940, was Rs. 5,59,147.

GENERAL REMARKS.

14. (1) The record of work in the Medical Department in respect of Medical Relief in this province during the year under report shows further progress. 124 extra beds were provided—the largest number being at a charitable institution namely the Hiranand Leper Hospital, Mangopir, which is now under a medical graduate specialised in the treatment of Leprosy. The number of beds available at various hospitals and dispensaries is 1986 against 1862 in the previous year.

The number of patients treated both in-door and out-door was 17,78,032 against 14,75,209 in the preceding year. The daily average attendance was 17,617.03 against 15,358.65.

The staffs of the two Travelling Dispensaries continue to do useful work in rural areas and the work carried on through these dispensaries has been most valuable during cholera epidemics. Immediate help in checking the disease and the carrying out of prophylactic measures has been possible and the medical officers in-charge have worked with great zeal and enthusiasm. The most important work of these travelling units is the concern of the Public Health Department—namely propaganda, anti-malaria measures, epidemic duty, and I consider that they should be controlled by the Public Health Department in consultation with District Health Officers.

It is gratifying to note that Government sanctioned during the year one more Travelling Dispensary at the cost of Rs. 4,000 and it is trusted that one of these "mobile health units" will be provided for each district in the early future.

Facilities for the treatment of women patients by lady doctors at various hospitals are being gradually extended, and the appointment of three lady doctors during the year 1940, has been very much appreciated by women patients who take advantage in large numbers. The question of providing an additional lady doctor for the Civil Hospital, Karachi, is under consideration and it is hoped that Government will sanction three more posts of lady doctors for the Civil Hospitals, Sukkur, Larkana and Jacobabad.

14. (2) Thanks to the generosity of Lord Nuffield "Iron Lungs" have been received and installed at the following institutions :—

1. Civil Hospital, Karachi.
2. Civil Hospital, Hyderabad.
3. R. B. Udhavdas Tarachand Hospital, Shikarpur.
4. Maternity Home attached to the Seth Issardas Assanmal Health Association, Karachi.

These gifts have been much appreciated and the thanks of Government have been conveyed to Lord Nuffield through the High Commissioner for India.

14. (3) Realising the large increase in the amount of work carried on at the various hospitals, Government sanctioned six extra leave reserve officers in the Subordinate Medical Service in order to complete the ratio of 18 per cent. fixed by them for leave reserves. The following additional establishment during the year was also sanctioned :—

1 Male Sweeper for the Graham Hospital, Nawabshah.

1 Additional ward servant for the District Dispensary, Dadu.

1 Dresser for the Civil Hospital, Larkana.

1 Ward servant for the Civil Hospital, Larkana.

1 Female sweeper for the Civil Hospital, Larkana.

2 Ward boys for the Casualty Clearing Hospitals, Karachi.

The Re-organisation Committee in their Report pointed out that the District Head Quarter Hospitals were not fully equipped with modern equipment and appliances and the Civil Surgeons and District Medical Officers were greatly handicapped for want of these. In order to provide all District Hospitals with latest instruments and other hospital furniture, etc. Government sanctioned the handsome special grant of Rs. 27,000 which has been distributed according to requirements.

FACILITY TO WORK AT HOSPITALS.

14. (4) Ten private medical practitioners were permitted to work informally at the Civil Hospital, Karachi, with a view to affording them an opportunity to widen and increase their clinical knowledge.

FOUNDATION STONE LAYING CEREMONY.

14. (5) The most important event of the year was the laying of the foundation stone of the Lady Graham Hospital, Dadu, on 18th March 1940. The ceremony was performed by Lady Graham, thanks to whose great interest in medical relief in the mofussil, the early construction of a new hospital so urgently required for this District, was rendered possible. The buildings are expected to cost nearly a lakh and a half and the construction work of the hospital is nearing completion. Arrangements are being made to equip it with the most up-to-date appliances and equipment, and it will provide accommodation for nearly 50 in-patients. A maternity home to be run in connection with the Hospital is being constructed in the spacious grounds of the Hospital.

RURAL RECONSTRUCTION.

14. (6) During the year 1940, District Organisers of Rural Reconstruction received training in (*a*) First Aid (*b*) treatment of minor ailments for fifteen days at the District Head Quarter Hospitals. Trained Red Cross Dais are now being employed in several of the Rural Reconstruction Centres.

ADVISORY COMMITTEES.

14. (7) The functions of the Advisory Committees are advisory and aim to assist the Civil Surgeons in carrying out reforms and measures to supplement the Government work, *i.e.*, by endeavouring to create a more lively interest among the people and strive to obtain a more liberal financial aid for the institutions. It has been noted that the meetings are not well attended, and it appears that the functions of the Committees are being lost sight of. It is regrettable that in only Hyderabad and Mirpurkhas have any funds been collected. It is hoped that members of the Advisory Committees for various hospitals will work in complete co-operation with the Civil Surgeons and District Medical Officers, and design measures with a view to collecting funds for additional comforts for the patients by raising donations and subscriptions.

HONORARY MEDICAL OFFICERS.

14. (8) The Honorary Medical Officers at various hospitals continued to do useful work.

DISEASES.

14. (9) *Malaria* continues to be the most prevalent disease in the Province. 3,69,251 cases were treated against 3,21,735 in the previous year.

Plague.—No cases of plague were reported during the year.

Pneumonia.—During the year 20,703 patients were reported against 12,013 in 1939, with mortality of 183 and 182 respectively.

Tuberculosis.—The number of tuberculosis patients treated at various hospitals and dispensaries was 12,301 against 10,104 with mortality of 75 and 69 respectively.

Mr. G. N. Shahani, L. C.P. S., Sind Subordinate Medical Service was deputed at Government expense for training at the All India Institute of Hygiene and Public Health for a post-graduate course in tuberculosis held from January the 9th, 1940, to February 1940. The question of providing Tuberculosis Clinics at the Head Quarter Hospitals, *viz.*, Sukkur, Larkana, Mirpurkhas and Nawabshah, is under consideration.

Leprosy.—Lepers in the Province are mostly Non-Sindhis. Arrangements at the Leper Hospital Manghopir are made to secure a reasonable degree of isolation of infectious cases of leprosy. The accommodation available at this hospital is now for 175 beds.

EYE DISEASES AND PREVENTION OF BLINDNESS.

Valuable services were rendered by the Seth Hiranand Charitable Eye Hospital, Shikarpur, (Sir Hendry Holland, M.B.B.S., F.R.C.S. (Edin.), and the Henderson Blind Relief Association, (Dr. Sachanand, L.C.P.S., (Bom.), in the treatment of eye diseases and prevention of blindness.

MATERNITY AND CHILD WELFARE.

14. (10) The number of labour cases both normal and abnormal conducted during the year 1940, was 12,253 against 9,143 in 1939, with mortality of 54 and 46 respectively.

COUNTESS OF DUFFERIN FUND.

14. (11) The Countess of Defferin's Fund, Sind Provincial Council presented instruments costing Rs. 1,333-1-0 to female medical institutions. This help has been very much appreciated by the Medical Officers in-charge of the various female hospitals and maternity homes.

L (IV) 1751—2

14. (12) *Spurious Drugs.*—The facilities afforded in respect of the examination of drugs and chemicals by the Bio-Chemical Standardisation Laboratory at Calcutta, established by the Government of India were availed of by the following institutions :—

Mrs. Hamid Ali Hospital, Larkana.

Officer in-charge Chemico-Bacteriological Laboratory, Karachi.

14. (13) *Laki Springs.*—The water is very rich in sulphuretted hydrogen and in saline constituents, hence it is very good for skin and rheumatic affection, *viz.*, eczema, psoriasis, lupus erythematosus, furunculosis, utricaria, etc.

The chemical contents and quality of the water are such that if taken ½ to 1 tumblerful once a day, will prove quite beneficial therapeutically, provided it is collected and taken under proper sanitary conditions. As it is, the water is exposed to infection and Bacteriologically it is unfit for drinking purposes.

It was considered desirable by Government that these springs be developed at least on a modest scale, in the first instance and that facilities for medical treatment should be provided in the village. Consequently Government opened a dispensary for the treatment of patients suffering from various skin or other ailments. The total number of persons who took baths during the year at these springs was 45,381 with the daily average of 131. During the Laki Fair the daily average of persons taking baths was 1,121. The number of patients suffering from skin diseases who took bath was 2,054 while those treated at the dispensary was 3,365.

14. (14) *Air Raid Precautions.*—During the year under review A.R.P. Casualty Services have continued to be maintained.

The special thanks of Government are due to Mr. Tyabji Mandviwalla for the loan of accommodation in the Mandviwalla Building and to the Municipal Corporation and several practitioners for their help in accommodating First Aid Posts in Municipal or private dispensaries respectively.

(*b*) Thanks are again due to Khan Bahadur S. D. Contractor, District Superintendent, Officers and members of the St. John Ambulance Brigade Overseas, (Ambulance Divisions) for volunteering service rendered during the year; and to all those medical practitioners who have volunteered their services (see statement attached).

(*c*) *Ambulances.*—Thanks are also due to Messrs East India Tramways Co., Ltd. Karachi, who have consented to loan their buses to be used as ambulances in case of Air Raids. Minor changes have been made in 16 such buses so that in case of necessity stretcher cases can be accommodated.

(*d*) *A. R. P. Training.*—In the early part of 1940, A. R.P. Training was carried on by the Medical Officer but later on this was transferred to the A. R. P. Department.

(*e*) *A. R. P. Advisory Committee.*—The Medical Department is represented on the Advisory Committee and questions in connection with the medical aspect of A. R. P., are referred to the Department.

14. (15) *St. John Ambulance Association.*—During the year 3,085 persons attended the course of instructions in First Aid, Home Nursing, Hygiene and sanitation as well as Domestic Hygiene including Mother craft as against 2,360 in the previous year. In addition 47 persons obtained Voucher Certificates by passing second higher test in first aid.

14. (16) *St. John Ambulance Brigade Overseas.*—Records of the Sind District No. 11, of the St. John Ambulance Brigade Overseas, for the year 1940, show further expansion and increased activities.

The total number of registered Divisions at the end of the year were eight Nursing and six Ambulance Divisions with a total strength of 208 and 188 respectively, excluding the personnel of Divisions not actually registered.

Thanks to the generosity of Khan Bahadur K. H. Katrak, O.B.E., J.P., the office of the Association is now housed in its own spacious buildings which provides accommodation also for the Red Cross Society. The buildings were opened by His Excellency Sir Lancelot Graham on 21st August 1940.

14. (17) *Legislation.*—During the year under review an Act to regulate the qualifications and to provide for the registration of practitioners of Indian Systems of medicine with a view to encouraging study and spread of such systems and to amend the law relating to medical practitioners generally in the province of Sind was passed.

14. (18) *Concluding Remarks.*—As will be seen from the various figures given in the body of this report there has again been a considerable increase in the work at all hospitals and I wish to

place on record my appreciation of the valuable services rendered by all gazetted, honorary and non-gazetted medical officers who have carried on their good work although in many cases the institutions have continued to be under-staffed.

The staffs at all hospitals in spite of being short-handed have worked well.

The clerical staff at the Head Office have carried out their duties most satisfactorily and I much appreciate the extra work that has been put in by all members in order to keep the work running smoothly and as up-to-date as possible.

15. A note on the Medical School, Hyderabad (Sind), for the year under report is attached as 'Appendix I'.

16. A note on "Rural Medical Relief" is attached as Appendix II.

I have the honour to be,
Sir,
Your most obedient servant,
O. M. AKBANI,
D. P. H. (LOND.),
Director of Health Services and
Inspector-General of Prisons, Sind.

List showing the names of medical practitioners who have volunteered to work at various First Aid Posts in the City of Karachi.

1. Dr. B. T. Gehi.
2. Dr. Miss S. D'Sa.
3. Dr. P. L. Chablani.
4. Dr. Hemandas, F. S.
5. Dr. P. H. Hoodbhoy.
6. Dr. E. Mascarines.
7. Dr. G. Rodrigues.
8. Dr. A. A. Khan.
9. Dr. M. Pinto.
10. Dr. A. C. Freitas.
11. Dr. P. P. Hazari.
12. Dr. Adaljia, V. N.
13. Dr. Moti B. Sipahimalani.
14. Dr. O. M. D'Sa.
15. Dr. K. B. Kanga.
16. Dr. Nadkarini.
17. Dr. M. O. Jallah.
18. Dr. G. H. Kewalramani.
19. Dr. Naryan Someya.

48. Mrs. L. C. Brewer.
49. Major E. Jos Archer.
50. Captain A. T. Shaikh.

APPENDIX I.

MEDICAL SCHOOL, HYDERABAD (SIND).

The year opened with 75 students in various classes and closed with 65 students. The distribution of these 65 students by classes is shown below :—

Year.	Males.	Females.	Total.
First	28	3	31
Pre-final	15	...	15
Final	17	2	19
Total ...	60	5	65

The number of new admissions in 1940 was 25. The number of successful students in the final L.C.P.S. examinations during the year 1940 was 22.

2. The following table shows the number of students that appeared during 1940 for first and final examinations of the College of Physicians and Surgeons, Bombay :—

Year.	1st L.C.P.S.	Final L.C.P.S
1940.		
Appeared	27	53
Passed	16	22
Failed	11	31

INCOME AND EXPENDITURE.

3. The following table shows the income and expenditure of the Medical School for the year 1940 :—

Item.	Hyderabad.	Item.	Hyderabad.
Receipts.	Rs.	*Expenditure.*	Rs.
Fees from paying pupils	7,879	Pay of officers ..	26,091
Scholarships, prizes, etc.	133	Pay of establishment ...	7,948
		Allowances, honoraria.	6,932
Hostel rent ...	1,340	Contingencies ..	2,844
Miscellaneous ...	276	Scholarships and prizes and donation.	100
		New works and repairs to buildings.	222
Total ...	9,628	Total ...	44,137

4. The cost to Government for each student for 1940 was Rs. 588.

5. During the year 1940, the number of beds in the attached hospital was 148 and the daily average number of in-patients was 153.6. The daily average number of out-patients was 233.3. The number of confinement cases was 119 compared to 78 in 1940.

GENERAL REMARKS.

6. The number of students admitted during the year was 25.

7. The clinical side room attached to the Medical Ward has been fully equipped for ordinary ward tests, such as examination of blood slides for Malaria parasites, examination of stools for parasitic ova, etc., and sputum examination, which are carried out by students under the observation, and instruction of a Special Medical Officer deputed for this purpose.

The new Pathological Laboratory attached to the Medical Schools has had extra equipment provided and it is now possible to carry out almost all general and special pathological examinations there.

A sum of Rs. 2,834 has been spent during the year on new equipment for the Pathology, Physiology, Anatomy and other departments.

A class in operative surgery has been held in addition to the routine lectures in Surgery.

Special organised instruction in administration of Anaesthetics has been given to final year students.

8. The staff has worked well during the year.

9. The male students continue to receive instructions in practical Midwifery at the Nowrosjee Wadia Maternity Hospital, Bombay and the women students at the Lady Dufferin Hospital, Karachi.

10. No additions and alterations to the School Building were carried out in view of the proposed transfer to Karachi.

11. Statement showing details of the teaching staff and their hospital and school duties is appended.

Statement showing the names of the teaching staff, and their academic qualifications, scale of pay and their duties in the Medical School and whether whole-time, part-time or honorary with hospital duties.

Name.	Academic qualifications.	Scale of pay.	Medical School duties.	Whether whole-time, part-time or honorary.	Hospital duties.	Whether whole-time, part-time or honorary.
Major J. E. Gray, I.M.S. ...	M.B.,B.Ch. (Belf.)...	Pay of I. M. S. rank according to state of service. Present pay Rs. 1,100.	Superintendent and Lecturer in Surgery.	Part-time ...	Civil Surgeon ...	Whole-time.
Mr. K. T. Ramchandani ...	M.B.,B.S. (Bom.) ...	Rs. 200—40/3—400—50—450.	Lecturer in Medicine ...	Whole-time .	In-charge Medical and Police Wards, and Antirabic Centre and Sub-charge Civil Hospital.	Part-time.
Mr. T. T. Ratanchandani...	Do. ...	Rs. 200—40/3—400.	Lecturer in Minor Surgery and Eye Diseases.	Do. ...	Surgical Registrar and Resident Medical Officer.	Do.

APPENDIX II.

RURAL MEDICAL RELIEF.

The attached map and tabulated statements indicate the extent to which medical relief is available in the Province of Sind upto 31st December 1940.

During the year 1940, six more Hospitals and Dispensaries were opened and three were closed namely :—

OPENED.

Karachi District—

1. Grant-in-aid Dispensary at Jhimpir.
2. Rambaugh Municipal Dispensary.

Hyderabad District—

3. Dental Hospital, Hyderabad.
4. D. L. B. Dispensary at Saidabad.
5. Women's Hospital, Matiari.

Dadu District—

6. Subsidised Dispensary at Bubak.

CLOSED.

Larkana District—

1. Touring Medical Officer, D. L. B., Larkana.

Upper Sind Frontier District—

2. Subsidised Medical Officer Bhaledinoabad.
3. N. W. R., Dispensary at Jacobabad.

Travelling Dispensaries.—The two motor travelling dispensaries continue to tour in rural areas, the staff of which render medical relief, distribute quinnine and carry on public health propaganda. The dispensaries in case of epidemics, are rushed to infected areas for medical relief.

Realising the useful work done by the two motor travelling dispensaries, Government were pleased to sanction Rs. 4,000 for the purchase of one additional travelling dispensary, which it is hoped would function during the next Spring.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Province of Sind during the year 1940.

(Total population of the Province—38,76,919)

Class of Civil Hospitals and Dispensaries.	Number opened on 31st December 1939.		Number opened during the year 1940.		Number closed during the year 1940.		Number transferred to other department or class.		Number opened on the last day of the year 1940.		Remarks
	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.	
1	2	3	4	5	6	7	8	9	10	11	12
I. State—Public ...	4	8	...	...	...	..	...	...	4	8	
II. State—Special—											
(*i*) Police ...	...	...	...	...	...	...	...	...	...	...	
(*ii*) Canals ...	...	...	...	...	...	...	...	...	...	...	
(*iii*) Others ...	2	3	...	...	...	...	...	...	2	3	
III. Local and Municipal Funds.	98	48	2 (*a*)	3 (*b*)	1 (c)	...	...	...	99	51	
IV. Private—Aided ...	11	12	1 (*d*)	=	1 (e)	...	...	...	11	12	
V. Private—Non-aided ...	1	18	...	...	...	...	...	...	1	18	
VI. Railways	2	12	...	...	...	1 (*f*)	...	...	2	11	
Total for the Province ...	118	101	3	3	2	1	...	...	119	103	

(*a*) 1. Jhimpir Dispensary. 2. Saidabad Dispensary.

(*b*) 1. Rambaugh Municipal Dispensary, Karachi. 2. Women's Hospital, Matiari. 3. Dental Dispensary, Hyderabad (Sind).

(*c*) 1. Touring Medical Officer, D. L. B., Larkana.

(*d*) 1. Bubak Subsidised Dispensary

(*e*) 1. Subsidised M. O. at Bhaledinoabad by Government, died and the dispensary has been closed.

(*f*) 1. N.-W. R. Dispensary, Jacobabad (temporary) closed.

CLASSES I and II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial or imperial funds are practically responsible for all the charges connected with it. Class I—Public are "State" Dispensaries which are open to all classes of the public. Class II—are State Dispensaries which serve only a special section of the public.

CLASS III.—Local fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from the Government in the shape of part of the salary of the Medical Officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State-railways or others.

NOTE.—The decrease of Rs. 20,951 in the opening balance for the year 1940 against the closing balance for the year 1939 is due to the fact that—

(1) The opening balance for Women's Hospital, Hyderabad, is shown Rs. 4,000 against the last year's closing balance of Rs. 595.

(2) The opening balance of R. B. Udhawdas Tarachand Hospital, Shikarpur, is shown Rs. 81,000 against the last year's closing balance of Rs. 1,00,000.
